

# Al Baraka Red Bull Horn Pepper

## Features

### Plant

Medium vigour and well balanced plant. Early, productive variety that maintains fruit uniformity throughout the cycle. Suitable for greenhouse and open field.

### Fruit

Fruits are 18 to 20 cm long and 180 to 200 grams. They have an attractive dark green colour, ideal for commercial presentation. Their flesh is thick and they keep very well after harvesting.

### Resistances

 Tm 0-2 (L3)

 TSWV
