

Bronco Hot bull horn Pepper

Features

Plant

Vigorous plant with strong, balanced growth, adaptable to greenhouses and open fields. It delivers high yields and stands out for its cold resistance, extending its cycle and ensuring quality harvests even in cooler climates.

Fruit

The fruit is 190 g and 18-20 cm x 5 cm, ripening to deep red, ideal for the fresh market. Its firm, glossy skin ensures excellent post-harvest preservation.

Resistances
